

Lift services

Boat lifts include a pressure wash-off. Lift, Wash & Launch is a service up-to one hour in the slings, suitable for surveys and quick anode changes. This service includes lift from the water onto road transport. The Racing Scrub is a quick lift, pressure wash and relaunch with no time in the slings for any work. Heavy fouling will incur an additional charge.

We care about your boat, whether it's afloat in our marina or ashore in the yard. Our skilled Boat Care team at Deacons can help reduce the faff of boat ownership by managing the repairs for you. Ditch the DIY and let us do the dirty work.

Whether you'd like someone else to do the antifouling this year, or you need a bow thruster fitting or your keel bolts checking, we can handle every stage of the project for you. We're a single point of contact so you only need to make one call. Using our own boat builders and trusted contractors we can deliver everything your boat needs, including painting, antifouling and Coppercoat, hull repair, seacocks, interior fit-out, keel and rudder replacement, engines and propulsion, electrics and electronics, masts and rigging, sails and covers through to a full refit.
